

# Division 3

April 6 – 10, 2020

## Literacy Calendar

**Date**

**Activity**

**Monday,  
April 6**

**Create a poster** for your window with a message of hope or a thank you to essential workers.

**Tuesday,  
April 7**

**Newspaper Hunt.** Read through a magazine or newspaper and look for letters and numbers that spell your full name, address and phone number. Cut out the letters and glue them to a piece of paper. Check with an adult to make sure it's okay to cut up the magazine first!

**Wednesday,  
April 8**

**Have a conversation about a topic** of your child's choice and aim for five back and forth exchanges. Try to avoid yes/no questions. Try "Tell me more about...", "I wonder why....?" and "Why do you think/feel that way?"

**Thursday,  
April 9**

**Create an advertisement** to encourage people to practice social distancing. Remember to include a heading, key information and a graphic to get the attention of your audience. Post it in your window.

**Friday,  
April 10**

**Select a book to read for at least 20 minutes.** While reading, imagine what the characters look like. Choose one character and draw a picture of them.

**Don't forget to read for 20–30 minutes each day 😊**

# Division 3

April 6 – 10, 2020

## Numeracy Calendar

**Date**

**Activity**

**Monday,  
April 6**

**Think about your schedule for the day.** What will you do? Create a schedule to record your activities between 7am – 2pm.

**Tuesday,  
April 7**

Record the temperature outside in the early morning and in the late afternoon. **How many degrees did it change?** Record the am. and pm. temperatures all week. What do you notice?

**Wednesday,  
April 8**

**Place Value Riddles** “I am thinking of a number between 10 and 100 that has one 9 in it. What might the number be?” Make up your own riddle and try it out on a family member. You can also send one to Miss Marle!

**Thursday,  
April 9**

**Flip a coin 50 times.** Make a chart for the heads and tails. Make a tally mark each time you flip. How many heads and how many tails did you get?

**Friday,  
April 10**

**Wipeout Calculator Game.** Partner 1 puts a 3 or 4 digit number into the calculator. P1 asks P2 to “wipeout” the ones/tens/hundreds to make that digit a zero. Switch partners.

(E.g. In 4567, to make the tens digit a zero, we’d need to subtract 60, not 6. This game is all about understanding place value).

# Division 3

April 6 – 10, 2020

## DPA/Outdoor Learning

Date	Activity
<b>Monday, April 6</b>	<b>Indoor Bowling:</b> This is a great way to reuse water bottles! Line six to ten water bottles up at the end of your hall or living room. Place a line of masking tape at the starting line. Grab a medium-sized ball and start bowling!
<b>Tuesday, April 7</b>	<b>Outdoor Walk:</b> Go for a walk around your neighbourhood. Try to spot something that begins with each letter of the alphabet (e.g. Apple tree, Bird, Car, etc.)
<b>Wednesday, April 8</b>	<b>Egg Drop:</b> Use your blue bin recycling materials to build a container for an egg that protects it from breaking. With help from a parent, test it out by dropping it from a high location.
<b>Thursday, April 9</b>	<b>Charades:</b> Play a game of Charades by acting out different animals. Try to guess your partner's animal as quickly as you can.
<b>Friday, April 10</b>	<b>Building Challenge:</b> Using items found outside or around your house, build a tall structure. How tall and stable can you make your structure? Take a photo of your structure and email it to Miss Marle.
